LEGISLATIVE COUNSEL'S DIGEST

SB 973, as amended, Kuehl. Public employees' retirement: domestic partners.

(1) *For purposes of retirement benefits, the Teachers' Retirement Law provides that the term "spouse" includes a person who is the registered domestic partner of a member.*

This bill would revise and recast those provisions to provide that a person who is the registered domestic partner of a member shall be treated in the same manner as a "spouse," and would make other conforming changes in that regard.

(2) Under the ~~State Teachers' Retirement System~~ Law, any member retiring from service may elect to receive his or her retirement allowance pursuant to specified options. A member may

make a preretirement election by filing a form with the system's office in Sacramento within 30 days of the date of signature.

This bill would revise and recast those provisions to require the form *to* include the signature of the member's spouse or domestic partner, as specified, and be received at the system's headquarters, as provided.

~~(2)–~~

(3) The Public Employees' Retirement–~~System~~ *Law* requires a court to address certain community property issues and rights under the system upon the legal separation or dissolution of marriage of a member.

This bill would provide that a spouse or registered domestic partner who fails to meet specified criteria are prohibited from receiving a distribution–~~of contributions~~ until the member separates from employment.

The Public Employees' Retirement–~~System~~ *Law* defines the term surviving spouse for the purpose of providing postretirement death benefits. These benefits are funded by the Public Employees' Retirement Fund, a continuously appropriated fund. Existing law extends the rights and duties of marriage to persons registered as domestic partners on and after January 1, 2005.

This bill would provide, for–~~purpose~~ *purposes* of the provision of certain postretirement death benefits, that a surviving domestic partner shall be treated in the same manner as a surviving spouse if the domestic partner is in a registered domestic partnership that meets specified criteria or if the retired member and his or her domestic partner, who are currently in a registered domestic partnership, sign an affidavit that makes specified statements. Because moneys in the Public Employees' Retirement Fund would be used for a new purpose, this bill would make an appropriation.

~~(3)–~~

(4) The Public Employees' Medical and Hospital Care Act authorizes the Board of Administration of the Public Employees' Retirement System to contract with carriers for health benefit plans and major medical plans for employees and annuitants, as defined, and approve other plans. The act defines domestic partnership for these purposes and provides that a domestic partner is a family member for specified purposes. The act permits certain persons *who* are eligible to enroll their domestic partners as family members in health plans, subject to collective bargaining, as specified. The act allows an

employer to require an employee or annuitant to be responsible for certain increased costs or *costs* associated with covering the domestic partner, as specified. The act permits a contracting agency to offer health benefits to domestic partners of employees and annuitants at its option. The benefits provided under the act are funded by the Public Employees' Health Care Fund, a continuously appropriated fund.

This bill would revise and recast the provisions described above in connection with the extension of the rights and duties of marriage to domestic partnerships *that occurred* on and after 2005. Because moneys in the Public Employees' Health Care Fund would be used for a new purpose, this bill would make an appropriation.

~~(4)~~

(5) Under the County Employees Retirement Law of 1937, any member retiring from service may elect to receive his or her retirement allowance pursuant to specified options.

This bill would entitle a retired member and his or her domestic partner to the same entitlements as described above, if specified criteria are satisfied, including providing an affidavit signed by the member and domestic partner under penalty of perjury relative to the member's service retirement effective date or disability retirement date.

By expanding the scope of an existing crime, perjury, this bill would impose a state-mandated local program.

~~(5)~~

(6) Existing law specifies the capacity of a conservatee and the powers of a conservator and, among other things, provides that a conservatee retains the capacity to marry.

This bill would expand those provisions to provide that a conservatee retains the capacity to enter into a domestic partnership, as specified.

~~(6)~~

(7) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: yes. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

5 *responsibilities as those currently held by spouses. Because of*
6 *the gradual expansion of domestic partner rights under*
